ODE TO JOY

"Color makes me happy!" says designer Shay Geyer. "Living among colors that make you feel good is so wonderful for your psyche and well-being." Geyer should know. As the owner of Frisco's IBB Design Fine Furnishings (ibbdesign.com), she is famous for incorporating happy hues into her projects. The self-confessed "fabric fiend" says she loves to use fabric as a jumping-off point for a design and brings in colorful accessories to add the finishing touch. "Artwork is also a fabulous way to kick off a room's design," says Geyer. "You can pull colors from art to use as the palette for the room."

"THE TRICK IS NOT TO HAVE THE ROOM SO BUSY WITH COLOR THAT YOUR EYES CAN'T FIGURE OUT WHAT TO LOOK AT."
- SHAY GEYER
